SKILLS

- Programming Languages:**
- TypeScript & JavaScript (ES6+)
- HTML5 & CSS3 (SASS)
- PHP (WordPress logic)
- Frameworks & Libraries:**
- React & React Native
- Next.js
- Redux Toolkit / Zustand
- Testing & Databases:**
- Jest & React Testing Library
- PostgreSQL & Prisma ORM
- Tools & Platforms:**
- Git & GitHub
- WordPress
- Figma
- Firebase

LANGUAGES

- English - C1
- Polish - Native

HOBBY

- Automotive technologies
- Sports and fitness
- Exploring new developer tools
- Digital photography and editing

PROFILE

Computer Science Engineer currently pursuing a Master's degree in AI & Machine Learning. Proficient in React, React Native, and Next.js, with hands-on commercial experience in building modern web and mobile applications. Strong background in developing custom WordPress solutions from scratch and managing direct client communication. Focused on writing clean, scalable code and integrating innovative AI solutions.

WORK EXPERIENCE

Develo Art 2025 May - Present
Frontend Developer

- Developing cross-platform mobile health & wellness applications (e.g., intermittent fasting and workout trackers) using React Native, Expo, and TypeScript.
- Implemented offline-first architecture with Zustand and AsyncStorage, ensuring seamless performance without constant backend dependency.
- Integrated Firebase for environment configuration, real-time data fetching, and testing.
- Working in a modular, feature-based architecture to ensure easy maintenance and scalability of products.
- Maintained high code quality by writing and scaling automated

Freelance Web Developer 2025 June - Present

- Managing end-to-end project lifecycles for local businesses, including gathering requirements and providing direct technical support.
- Building high-performance custom WordPress themes from scratch (no page builders) using PHP, HTML, CSS, and JavaScript.
- Developed custom CMS features, such as dynamic menu systems with integrated image editing capabilities.
- Live projects: [zakatek-odkrywcow](#), [kucharzszaseidztwa](#)

Dom samochodowy Germaz Ford 2022 June - 2024 November
Customer Service Specialist

- Handled daily direct communication with clients, independently resolving inquiries and developing strong interpersonal skills.

PERSONAL PROJECTS

TikTok Recipe Hub | Full-Stack Web App (In Progress)

- Developing a full-stack application that integrates AI models to automatically transcribe TikTok videos and extract structured recipe data (ingredients, instructions) into text.
- Stack: Next.js (App Router), React 19, TypeScript, Prisma ORM, PostgreSQL.
- Implemented secure user authentication using NextAuth (GitHub OAuth) and efficient data management with Server Actions
- Styled with Tailwind CSS and shadcn/ui for a modern, responsive user interface.

EDUCATION

Uniwersytet WSB Merito we Wrocławiu 2026 - Present
Master's Degree in Artificial Intelligence and Machine Learning

Uniwersytet Dolnośląska Szkoła Wyższa 2022 - 2026
Bachelor of Engineering (B.Eng.) in Computer Science

Specialization: Cloud Systems and Application Engineering

I hereby give consent for my personal data included in my application to be processed for the purposes of the recruitment process under the European Parliament's and Council of the European Union Regulation on the Protection of Natural Persons as of 27 April 2016, (EU) 2016/679 (GDPR).
